

SD Motors delivers first 100 units of BYD Atto 3 to Malaysian buyers

By **Asila Jalil** - January 17, 2023 @ 6:36pm

The Atto 3 contains state-of-the-art features and offers an excellent battery range capable of travelling up to 480km on a single charge.

KUALA LUMPUR: Sime Darby Motors has delivered its first 100 units of all-electric sports utility vehicle (SUV) BYD Atto 3 to the Malaysian market.

SD Motors managing director of retail and distribution Jeffrey Gan said the company looked forward to maintaining its momentum with more units currently en route and slated to reach Malaysia soon.

"We will continue to drive the acceleration of electric vehicle (EV) adoption in Malaysia and as we expand our EV portfolio with world-class partners such as BYD to bring exciting innovations to the market, we strive to cater to the growing demand

for environmental-friendly options among Malaysians, fueling the nation's aspirations towards achieving low carbon mobility," said Gan.

Available in two variants, the BYD Atto 3 is priced from RM149,800 for the Standard Range and RM167,800 for the Extended Range, with a choice of five colours, namely Surf Blue, Parkour Red, Boulder Grey, Forest Green and Ski White.

The Atto 3 contains state-of-the art features and offers an excellent battery range capable of travelling up to 480km on a single charge.
