

Higher learning institutions need to set own guidelines for concerts, entertainment activities - MoHE [NSTTV]

By [Nuqman Adam](#) - September 5, 2023 @ 11:27am

KUALA LUMPUR: Guidelines for entertainment activities (concerts) at higher learning institutions need to be set and provided by the institutions through the involvement of the Student Representative Council or Student Union (MPP/KM).

The Higher Education ministry (MoHE) has instructed university administrations to include the students' representatives in formulating guidelines, ensuring that students' voices and requirements are taken into account.

These guidelines will then be based on the suitability of each higher learning institution before it is officially implemented at the respective institutions.

However, the MoHE Has emphasised that it is still at the recommendation stage as a reference for higher learning institutions in developing their respective guidelines.

This move initiated by the MoHE will promote student empowerment by providing them the space and opportunities to discuss such matters.
